

# **Clover Area Assistance Center Resource Guide**

The Clover Area Assistance Center Resource Guide was compiled in an effort to make information on available resources throughout York County accessible to service providers in Clover and Lake Wylie seeking referral options for those in need. Although every effort has been made to include as many organizations as possible, we know there are some we may have overlooked or did not have adequate information on.

If you are a service provider who would like to update or add information, please call 803.222.4837 so that we can update materials promptly.

For additional resources specific to the Rock Hill area, please refer to the Rock Hill School District Community Resource Guide (available on line) or call United Way of York County's 2-1-1 hotline, which is a 24/7 manned hotline to assist in finding resources throughout the state. If you are aware of other resource websites, please let us know and we will include them in our Guide.
